

Deptford Lane 'Green' – Tree Survey

Introduction

On 13 January 2025, the Land Registry listed Greywell Parish Council (GPC) as the Title Possessory for the land in front of the Greywell Pumping Station on Deptford Lane. This Title formalises GPC's 'Custom & Practice' in terms of the management and maintenance of the land over many decades.

Tree Survey

GPC agreed that a visual inspection of the 14 trees on the plot would be carried out annually to ensure there were no obvious remedial works required. On 17 Mar 2025, the Chair of GPC, in company with Cllr J Malmesbury (an experienced agricultural landowner) carried out a visual inspection of the trees.

The only issue identified was a Willow tree at the east of the plot which was interfering with the Scottish & Southern Electricity (SSE) Networks power cable. The problem was reported to SSE and they undertook remedial works to remove the offending branches.

Cllr M Barter
Chair, Greywell Parish Council
